

No Investment Advice

BeeTrade Technologies, Inc., **together with its subsidiaries, affiliates, and related entities** (collectively, “BeeTrade”), does not provide investment advice, financial advice, trading advice, or any other form of professional advice. All content, including but not limited to AI-generated chats, messages, research, analysis, strategies, backtests, market data, news, prices, and other information available on this website or platform, is provided for **educational and informational purposes only** and should not be construed as investment advice or a recommendation to buy, sell, or hold any financial instrument.

All trading decisions are made **solely by the user**. BeeTrade does not trade, manage assets, or make investment decisions on behalf of users, and does not act as a broker-dealer, investment adviser, commodity trading advisor, or fiduciary.

Risk Disclosure

Trading financial instruments, including stocks, cryptocurrencies, derivatives, leveraged products, and prediction markets, involves **significant risk**, and you may lose part or all of your invested capital. Leveraged trading can result in losses that **exceed your initial investment**. You should carefully consider your investment objectives, level of experience, and risk tolerance before trading.

Past performance, including backtest results and simulated performance, **is not indicative of future results**. No representation is made that any strategy, AI-generated or otherwise, will achieve profits or avoid losses.

AI-Generated Content Disclaimer

BeeTrade provides access to AI agents to assist users with research, strategy generation, and technical analysis. AI-generated outputs may be incomplete, inaccurate, outdated, or incorrect, and should not be relied upon as the sole basis for any trading decision. You are solely responsible for evaluating, validating, and confirming any information or strategy before executing a trade.

No Liability

To the maximum extent permitted by law, BeeTrade shall not be liable for any loss or damage, including without limitation any loss of profit, trading loss, or other financial loss, arising directly or indirectly from the use of, or reliance on, any content, tools, AI outputs, or information provided on the platform.
